

ONLINE DRIVER EDUCATION ENROLLMENT AGREEMENT & TERMS

Course: C&T Driving School Official Utah Online Driver Education

Tuition: \$90.00

Provider: C&T Driving School LLC

1. Enrollment and Student Information

By enrolling in the C&T Driving School Official Utah Online Driver Education Course, the student and, when applicable, the student's parent or legal guardian agree to the terms of this Enrollment Agreement.

The student represents that all information submitted during registration is accurate, complete, and belongs to the student. C&T Driving School may request additional information or documentation when reasonably necessary to verify the student's identity, eligibility, enrollment, course completion, or compliance with Utah Driver License Division requirements.

The student is responsible for promptly notifying C&T Driving School if any registration information changes.

2. Course Included in Enrollment

The **\$90.00 online-only enrollment** provides access to C&T Driving School's online driver education coursework.

The online-only enrollment **does not include behind-the-wheel driving instruction**, unless separately purchased from C&T Driving School.

The Course is designed to fulfill the applicable online/home-study classroom portion of Utah driver education requirements, subject to the student's successful completion of all Course requirements and applicable requirements of the Utah Driver License Division.

3. Individual Student Account

Course access is provided specifically to the student who enrolls.

The student agrees:

- Not to share their username or password with another person.
- Not to allow another person to complete coursework on their behalf.
- Not to copy, reproduce, distribute, or provide course materials to another person.
- Not to permit another person to access or use their Course account.

C&T Driving School may suspend or terminate Course access if there is reasonable evidence of account sharing, academic dishonesty, impersonation, unauthorized access, or other misuse of the Course.

4. Course Completion Requirements

The student must personally complete all coursework, activities, assessments, quizzes, and other requirements established by C&T Driving School.

Simply logging into the Course or accessing course materials does not constitute completion.

The student understands that completion requires satisfying **all applicable Course completion requirements**, including any minimum scores, required activities, time requirements, or other requirements established by C&T Driving School.

C&T Driving School reserves the right to verify course activity and completion before recognizing the student as having completed the classroom portion of driver education.

5. In-Person Final Examination

Successful completion of the online coursework does **not automatically schedule the student's in-person final examination**.

After completing the required online coursework, the student must follow C&T Driving School's instructions for requesting or scheduling the required in-person final examination.

Before administering the examination, C&T Driving School may require the student to provide appropriate identification, driver documentation, or other information required by C&T Driving School or the Utah Driver License Division.

The student is responsible for bringing all required documentation to the examination appointment.

The name provided during enrollment and used for course completion records must match the student's legal name as it appears on the documentation they will use with the Utah Driver License Division.

If the student does not provide required documentation, C&T Driving School may be unable to administer the examination or record the student's completion until the required documentation is provided.

6. Payment and Enrollment Confirmation

The tuition for the online-only Course is **\$90.00**.

Course enrollment, Course access, and eligibility to schedule the in-person final examination are not considered confirmed **until payment has been successfully processed and confirmed by C&T Driving School**.

A payment that is pending, processing, reversed, declined, disputed, or otherwise not fully confirmed may not be considered a completed payment for purposes of enrollment, Course access, or examination scheduling.

If a payment is subsequently reversed, refunded, disputed, or otherwise not successfully collected, C&T Driving School reserves the right to suspend Course access and/or require resolution of the outstanding payment before additional services are provided.

7. Refund and Cancellation Policy

The student may request cancellation and a full refund before Course access has been provided, subject to C&T Driving School's refund policy.

Once payment has been successfully processed and the student has been provided access to the Course, the purchase is non-refundable. This applies regardless of whether the student has logged into the Course, started coursework, or completed any portion of the Course.

Because the Course consists of digital educational materials made available specifically to the enrolled student, C&T Driving School is not required to provide a refund after Course access has been granted, except where otherwise required by applicable law.

If a payment is refunded or reversed before Course access is provided, the student's enrollment will not be activated.

8. Course Completion Period

The **student must complete the Course within six (6) months** from the date of confirmed enrollment.

If the student does not complete the Course within this period, C&T Driving School may close the student's enrollment and terminate Course access.

Any extension or re-enrollment after the six-month period is subject to C&T Driving School's policies and may require additional payment.

9. Scheduling and Attendance

The student is responsible for contacting C&T Driving School to schedule the in-person final examination after completing the online Course requirements.

An appointment is not considered scheduled until C&T Driving School has confirmed the appointment.

Students are responsible for arriving on time and prepared with all required documentation.

C&T Driving School may establish separate scheduling, cancellation, rescheduling, and no-show policies for in-person examinations and other services.

10. Course Completion and Driver Licensing

Completion of C&T Driving School's classroom/online requirements does not guarantee:

- A passing score on the in-person final examination;
- A passing score on any Utah Driver License Division examination;
- Issuance of a learner permit or driver license;
- Eligibility for a driver license; or
- Completion of any requirement that is outside the portion of driver education provided by C&T Driving School.

The student remains responsible for satisfying all applicable requirements of the **Utah Driver License Division**.

11. Academic Integrity

The student must personally complete the Course and all required assessments.

The following are prohibited:

- Having another person complete coursework or assessments;
- Sharing answers for the purpose of circumventing Course requirements;
- Creating or using another person's account to complete Course requirements;
- Attempting to circumvent Course completion requirements;
- Misrepresenting Course participation or completion.

C&T Driving School may investigate suspected violations and may suspend Course access or require additional verification before recognizing Course completion.

12. Changes to Course Content

C&T Driving School may update, modify, replace, or improve Course materials, activities, assessments, policies, or procedures when reasonably necessary, including changes required to maintain compliance with applicable Utah requirements.

Such changes will not eliminate Course requirements that have already been satisfied by the student unless necessary to comply with applicable law or regulatory requirements.

13. Student Communications

The student agrees that C&T Driving School may use the contact information provided during registration to communicate regarding:

- Enrollment;
- Payment;
- Course access;
- Course completion;
- Final examination scheduling;
- Required documentation;
- Important course or administrative notices.

The student is responsible for maintaining access to the email address and phone number provided during registration and for reviewing communications from C&T Driving School.

14. Student and Parent/Guardian Acknowledgment

For students under 18, any required parent or legal guardian acknowledgment or consent must be completed by the student's parent or legal guardian.

The parent or legal guardian represents that they have the legal authority to provide any required consent on behalf of the student.

15. Electronic Agreement

By checking the agreement box and submitting the enrollment form, the student acknowledges that they have had an opportunity to review this Enrollment Agreement and agree to be bound by its terms.

The electronic acceptance of this Agreement is intended to have the same effect as the student's written acknowledgment, to the extent permitted by applicable law.

C&T Driving School may maintain a record of the student's acceptance, including the date and time of acceptance and the version of the Agreement presented at enrollment.

16. Governing Requirements

This Agreement is subject to applicable federal and Utah law and to the rules and requirements applicable to driver education and driver licensing.

If a provision of this Agreement is determined to be unenforceable, the remaining provisions will remain in effect to the extent permitted by law.

17. Entire Enrollment Agreement

This Enrollment Agreement, together with any applicable C&T Driving School policies referenced during enrollment, constitutes the agreement governing the student's enrollment in the online-only Course.

Any additional services purchased from C&T Driving School may be subject to separate terms and policies.
